

Destina Bermejo
Social Media & Graphic Design Specialist

My name is Destina Bermejo
I am a first-year PhD student in Sociology

I am originally from Ogden, Utah and moved to Merced in August 2021 to pursue a doctoral degree, being the first one in my family to do so. My research looks at Indigenous (im)migration/displacement within the regions of Central America, Mexico, and the United States. In my free time, I draw, paint, and use graphic design for fun. I have a very creative mind and come up with unique ideas very easily. I use it to incorporate political and social issues that are ongoing and current in the world. I am inspired to use colorful, bright, or dark colors in my work. I am a local artist in my hometown now with some of my designs being featured with other local artists throughout the Northern region of Utah. My Instagram page is @empowered.bean.
